NOVEMBER 2021

COMMUNICATION WITHIN CONSTRUCTION

At the beginning of each shift each employee has their own job to get started for the day.

Everyone has their own responsibility and each task has its risks. Within the work force and more specifically within Civil Works it is our job to be aware of our surroundings but also to make others aware of our tasks at hand.

Simply reminding your fellow coworker to "watch out" or "be aware" can keep you and your fellow coworkers safe.

GETTING VACCINATED

Civil Works Contracting is strongly encouraging all employees to get vaccinated against COVID-19. Having the vaccine has been proven to prevent severe illness, hospitalization, and death in most cases.

You can visit your County's Health Department Page to see a list of vaccine locations closest to you.

EMPLOYEE CHRISTMAS DONATIONS

Here at Civil Works, giving back is part of who we are as a company, "**Toys for Tots**" is just one of the ways we are giving back this holiday season.

Be on the lookout for a company email with more information.
